ABOUT

I am a Building Technology graduate with a strong orientation toward infrastructure systems performance, sustainable development, and construction management. My academic training, complemented by research and industry experience, has shaped my interest in how built systems function under operational constraints and how data-driven approaches can improve infrastructure reliability and long-term sustainability.

Through both quantitative research and digital construction practice, I have developed experience applying structured analysis, modeling tools, and emerging technologies to address real-world challenges in infrastructure delivery. My interests span transportation systems resilience, sustainable communities, and wastewater infrastructure performance, with a focus on strengthening system reliability in rapidly urbanizing environments.

RESEARCH INTERESTS

Green Building Technologies; Transportation Network Resilience & Reliability; Traffic Flow and Congestion Analysis; Quality Assurance; Safety; Sustainable Communities & Infrastructure Systems; Eco-friendly Manufacturing; Predictive Modeling for Construction Projects; Infrastructure Performance Modeling & Risk Evaluation; Construction Management; Emerging Technologies in Construction Projects; Wastewater Treatment Systems & Environmental Infrastructure.

EDUCATION

Covenant University — **Ota, Ogun, Nigeria**
B.Sc. Building Technology — **GPA – 3.64/4.00** — **Graduation: Sept. 2023**

Thesis: "Perceived Adequacy of the Builder's Insurance Policy as a Risk Management Tool for Collapsed Projects and Victims in Nigeria - Lagos Case Study"

Advisor: Dr. James Owolabi, PhD

RESEARCH EXPERIENCE

Covenant University — **Ota, Ogun, Nigeria**
Research Assistant (with Dr. James Owolabi) — **Aug. 2022 – Jun. 2023**

- Conducted structured literature review on risk governance mechanisms within Nigeria's construction and infrastructure sector.
- Designed and administered survey instruments to industry professionals (70% response rate).
- Performed quantitative statistical analysis using SPSS to evaluate compliance gaps and institutional enforcement mechanisms.
- Ranked enforcement mechanisms influencing systemic reliability in infrastructure delivery.

TEACHING EXPERIENCE

Comprehensive Community Secondary School, Rumuokwurusi — **Rumuokwurusi, Port Harcourt, Nigeria**
Teaching Assistant for Mathematics — **Dec. 2023 – Oct. 2024**

- Provided group and individual tutoring and in-class support to 30+ students, encouraging interest and helping improve students' performance.
- Graded student assignments, tests and exams, ensuring fair evaluations of student effort.
- Identified general and individual learning gaps and conducted quick review sessions of mathematical fundamentals to ensure improved comprehension and participation of struggling students.

INDUSTRY EXPERIENCE

Nate Furniture Design Ltd. — **Berger, Lagos, Nigeria**
Junior Project Manager| CAD Engineer — **Nov. 2024 - Present**

- Develop fabrication-ready shop drawings and 3D visualizations for high-end residential interior projects using Autodesk Revit, ensuring design intent translates accurately to physical assemblies.
- Coordinate with contractors and fabricators to manage millwork and built-in furniture installations, maintaining millimeter-level precision in custom joinery and structural interfaces.
- Conduct clash detection across architectural, structural, and MEP systems to resolve conflicts before fabrication and installation phases.
- Generate automated material quantity take-offs and compliance checklists using Python scripts, streamlining quality control documentation and resource planning.
- Oversee project timelines, procurement schedules, and on-site coordination to ensure adherence to design specifications and client quality expectations.
- Prepare presentation materials and design alternatives for client approvals, facilitating informed decision-making throughout project lifecycles.

The Haven Homes — **Lekki, Lagos, Nigeria**
Project Management/Quality Control Intern — **Mar. 2022 - Aug. 2022**

- Collaborated with project managers, consultants, and quality control engineers, successfully contributing to Phase 1 and Phase 2 estate development projects.
- Supervised the construction of critical structural elements including pile and raft foundations, floor slabs, beams, stairs and columns, ensuring structural integrity and quality.
- Played key roles in managing finishing works for a total of 28 maisonette apartments ensuring compliance to project timeless and quality benchmarks.
- Conducted rigorous daily inspections for both structural(carcass) and finishing departments.
- Participated in monthly general progress and safety meetings between project managers and contractors for enhanced project outcomes.

MPO Luxurious Homes Ltd **Maryland, Lagos, Nigeria**
Project Management Intern **Mar. 2020 – Aug. 2020**

- Actively engaged in learning and familiarization with the day-to-day operations on-site by participating in daily site activities.
- Monitored and Controlled the batching of concrete to ensure it meets specified mix design and quality standards.
- Conducted daily site inspections to monitor progress and ensure adherence to project timelines and quality standards.
- Collaborated with project teams and contractors to support the execution of project plans and resolve any on-site issues.
- Assisted in documenting site activities and reporting to project managers on-site developments.

SKILLS

Soft Skills: Research || Analytical Thinking || Problem-Solving || Strong communication || Adaptability || Quality Assurance & Compliance Analysis || Technical Writing || Quantitative Analysis || Teaching

Hard Skills: BIM & Digital Construction (Revit, Navisworks, Rayon) || Solidworks || Structural Analysis || Sustainable Building Design || Construction Management || Power BI || Environmental Impact Assessment || QGIS || Energy-Efficient Building Design || Python for Data Analysis (Pandas, NumPy) || Microsoft Office Suite

CERTIFICATION AND TRAINING

- Occupational and Environmental Safety & Health Course Levels 1, 2 & 3: World Safety Organization, 2021 [Credential ID 12901, 14015, 10200]
- Smart Cities - Management of Smart Urban Infrastructures, Coursera, 2021 — Nov. 2021
- Safety in the Utility Industry, Coursera, 2020 — Dec. 2021
- BIM Application for Engineers: National Taiwan University, Coursera, 2020 — July. 2020
- Mechanics of Materials I: Fundamentals of Stress & Strain and Axial Loading — Aug. 2020
- Mechanics of Materials III: Beam Bending — July. 2020
- Advanced Manufacturing Process Analysis — Aug. 2020
- Our Energy Future — May. 2021
- Mastering Bitumen for Better Roads — Aug.2020
- May. 2021

PROFESSIONAL AFFILIATIONS

- The Nigerian Institute of Building (NIOB) Student Chapter — Sept. 2020

LEADERSHIP & VOLUNTEER EXPERIENCE

- Public Relations Officer for the National Association of Building Students, Covenant University Chapter — March 2021 - February 2022

TEST TAKER SCORE REPORT

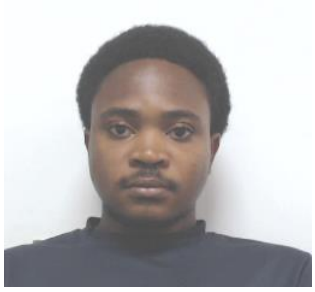

Note: This report is not valid for transmission of scores to an institution.

Oluwatobiloba Ayomide. Ajegbemika

Address: Plot 1, Adeyemi Thomas Street, Magodo GRA Phase 2, Lagos, 100248
Nigeria

Email: demiladeajegbemika@gmail.com
Phone: 234-08158041849

Date of Birth: May 4, 2002
Gender: Male
Intended Graduate Major: Construction Engineering (1104)

Most Recent Test Date: August 26, 2024

Test Center Country: Nigeria
Test Center: APCU-8456 - LAGOS, NIGERIA
Registration Number: 2985319
Print Date: October 8, 2024

Your Scores for the General Test Taken on August 26, 2024

About Your *GRE*® Score Report

Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

If your scores are not available for any reason, you will see “Not Available” in Your Test Score History.

GRE test scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2021, are reportable through July 2, 2026. Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Beginning in September 2023, the subscores on the Physics and Psychology Tests will be reported as percent correct scores (i.e., the percentage of questions in a subscore area answered correctly). Subscores earned after September 2023 should not be compared with scaled subscores earned prior to September 2023.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Free GRE Diagnostic Service

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

Retaking a GRE Test

You can take the GRE General Test once every 21 days, up to five times within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can retake a GRE Subject Test once every 14 days.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.
